DETAILED ACTION

EXAMINER'S AMENDMENT

1. The application has been amended as follows: in claim 14, line 2, after the abbreviation of "DTM" insert --- (Device Type Manager).

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: there are no prior arts teaching or suggesting of a method for the offline parameterization of a field device for process automation technology with the help of an operating program BW running on an operating device B, which is normally used for parameterization an online field device, comprising the steps of:

communicating the operating program BW with a field device F1 over a data bus D for online parameterization and for which no device description is available describing the offline behavior of the field device F1 ; and

communicating the operating program BW with a copy of the device software program GS running on a device different from the field device F1, thereby simulating an online field device F1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
